You've seen the TV show, now let us bring the excitement and glamour of come dancing to your event! Your delegates will be trained by our professional dancers in the art of Salsa, Rumba, Cha Cha and Jive etc. The teams will then show off their new found dancing prowess in the final "dance off"... Who will be your come dancing champions?

Our 8 professional, highly trained glamorous dancers will be introduced to your guests by our compere. The group will be split into 4 teams of up to 20 delegates (additional teams / dancers can be arranged for larger groups). Each team will go off to a private room within your venue with two dancers to be trained (as group / in couples) in a particular style of dancing i.e. Salsa, Rumba, Cha Cha or Jive etc for 60 minutes.

After our dancers performance the fun really begins in... 'The Dance Off'. Our compere will call up your 3 / 4 judges to take their positions (the judging panel will consist of your delegates) ready for the performances. Each dance will last about 3-4 minutes followed by the judges' comments and scores , with either our show band 'The Mix' or disco playing the songs throughout the performances.

This is a comprehensive package which includes the following:

- Site prep and technical coordination with venue staff
