- Competitive and action packed
- Flexible and easy to fit most venues
- Great chance to run off excess conference energy!
- Excellent photo and video opportunities

ALSO CONSIDER:

- Olympiad
- Sports Day
- Treasure Trails

2 hours

A perfect summer event for 2008, this is a fun and flexible teambuilding event. Teams compete on a head to head basis on a number of "Olympic" sports.

5-aside space hopper football – they are back and much more fun when you try to play football on them!

Field Sports Arena

- floppy javelin throwing
- paper plate discus
- ping pong shot putt!

Caterpillar Crawl – this one calls for real team coordination as all team members make their way down the course inside the caterpillar track!

Wet, wobbly wheelbarrows – a relay race to see which team can ferry the most water down the course in buckets (with holes of course) whilst being carried in wheelbarrows!

Flippin 'eck! – take a large ball pond filled with different colour balls and ask the teams to collect their own colour balls, seems easy? Not if they have to use diving flippers on their hands...now see how they get on!!

Biathlon – team relay challenge that involves all team members making their way down the ski slalom course on giant skis and then, in true Olympic style, having to take part in a shoot out at the end.

Suitable for groups of 15 – 200. Allow about 2 hours.
