ALSO CONSIDER:

- Agent Provocateur
- Office Olympics
- Mission Impossible
- Challenge 100
- Newscast

“ Thanks so much for organising the Treasure Hunt for our team-building. Everyone really enjoyed themselves and it provided a great opportunity for people to interact in a more informal way out of the office. ”

EXPEDIA.COM

Supremely flexible, cost effective and fun, there is just so much you can do with this format and we can create one for you at any venue in the UK and abroad. Each trail can be specifically created just for you if required.

The most popular format is a walking trail set in any major city, preferably one with lots of history like London, Windsor, York, Chester, Oxford or Paris and Warsaw. However we can write a trail in practically any venue given enough time!

After the briefing by our Event Manager the teams are armed with their pack which includes the main trail consisting of a map with up to 70 waypoint questions. Their task is to find their way to as many of those waypoints in the given time and to answer the questions at each waypoint as they find their way around.

Additionally, there will be 2 photo missions plus a scavenger hunt and quiz(s) so always plenty to keep them busy! All of our trails are facilitated by one of our staff who will mark the teams' packs at the end and award the medals to the winning team.

If you are looking for a more interactive, themed style then have a look at our Agent Provocateur event.
