

WINE EVENTS

CLASSIC WINE TASTING

Our most popular activity is an introduction into the seemingly obscure world of wine. Lead by our jovial expert teams learn the techniques of tasting, and armed with new knowledge and resources, guess the grape variety and detail of the range of wines they taste with surprising accuracy! Blind Wine tasting is an excellent team bonding tool.

CALL MY WINE BLUFF

Equally as informal as our Blind Wine Tasting package, Call my Wine Bluff sees our team of experts in turn describing the characteristics of the wine and naming the grape in question. You may choose by the accuracy of depiction or the determination of our expert, but can you see past the convincing bluffers and distinguish your Shiraz from your Sauvignon? It really is a question of trust versus taste...

CHAMPAGNE TASTING

Vintage? Non-Vintage? Not even Champagne perhaps? A chance to up the anti and delve into the world of the premium tippie of the rich and famous, colour, texture and mousse; by the end of the tasting you'll certainly know what you like, know more than most, and we guarantee surprising results!

MALT WHISKEY TASTING (OR PORT, ALE, DESSERT WINE)

Highlands and Islands. A true heritage distilled for thousands of years and little changed, few realise or appreciate the extent of malt Whiskey production and the huge disparity of flavour and range available. Great for Promotions and Exhibitions to draw the crowds, interest in Whiskey is astonishingly high, and from the coarse and gravelly to the smooth and soft, there is a flavour to suit all palates.

“ Your Wine Bluff Challenge was a great way to finish the day and combined a fun element with some serious learning about the wine we tasted that all the participants really appreciated. ”
